MID AND WEST WALES VAWDASV REGIONAL PATHWAY TO SUPPORT

BUILDING HAPPIER, SAFER & STRONGER LIVES

This Regional Pathway to Support has been designed in partnership with the VAWDASV Specialist Providers across the region, to assist in assuring consistency and continuation of service availability and accessibility for citizens of the Mid and West Wales region.

Access to Support

Access to Support via Live Fear Free Helpline - **0808 8010800**

This helpline is open 24/7 to women, men and young people experiencing any form of Domestic Abuse or Sexual violence (DA/SV).

Live Fear Free Helpline can access the Routes to Support database where all refuge availability in the UK can be checked. This is used where someone may want to leave the area or needs somewhere in an emergency.

The Live Fear Free Helpline will provide immediate advice and guidance before signposting to a local Specialist Support Provider.

REFUGE

Refuge provision and the availability of refuge accommodation will vary depending on the individual circumstances at each refuge at the time and the circumstances of the of the individual seeking refuge. As in normal circumstances, each request will be considered on a case-by-case basis, taking into consideration matters such as: current availability, facilities required, personal circumstances and safety of the person(s) seeking accommodation and the circumstances and safety of existing residents and/or their children.

Each Local Authority has specific measures and plans in place, regarding emergency accommodation stock to support the demand for refuge accommodation during this time.

MARAC

Where staff have been trained (including staff outside specialist services) they must use the DASH Risk Identification Checklist and MARAC referral form where appropriate as per the usual process.

Dyfed Powys Police (DPP) have revised the daily discussion process in response to decreasing staff capacity within all agencies.

PERSONAL SAFETY ALARM PROVISION

Dyfed Powys Police have a supply of personal alarms and Skyguard alarms available to access. DPP and the Specialist Services have agreed a process for managing these alarms and promptly distributing to individuals who have been identified as requiring them.
